

## Join Public Justice Today!

### What is Public Justice?

- We pursue high impact lawsuits to combat social and economic injustice, protect the Earth's sustainability, and challenge predatory corporate conduct and government abuses.
- Our renowned legal team is often called on to provide insight and analysis on issues as wide-ranging as forced arbitration; court secrecy; anti-bullying policies; environmental law; and numerous issues impacting workers, consumers and communities across the country.
- Public Justice attorneys have been quoted by *The New York Times*, *The Washington Post*, *Reuters*, *NBC News* and other national and local media outlets.

### What do we do?

- Win. In 2017, we won appellate victories in 13 cases that will have a direct and lasting impact on consumers and families..
- Preserve access to justice by battling mandatory arbitration, federal preemption, class actions bans and abuses, outrageous court secrecy, and other attacks on the right to jury trial.
- Underscore the value of the civil justice system, help people stand up for their rights, and serve as a resource for attorneys handling public interest issues.
